STATEMENT ACCOMPANYING REPLY UNDER 37 CFR 1.821(f) AND (g)

BOX SEQUENCE

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In accordance with 37 CFR 1.821 (f) and (g), the undersigned hereby states that the information recorded in computer readable form is identical to the written sequence listing. However, SEQ ID NO:12 was found to have an inadvertent transcription error in that a "c" was not listed after the first "a" residue in the oligonucleotide sequence. Examination of the specification as filed demonstrates the correct sequence for SEQ ID NO:12; i.e., at page 39, Table 2, first cell under the title cell, "act". As such, the undersigned hereby further states that the information and submission herein does not include any prohibited new matter.

Respectfully submitted,
